

GERRESHEIMER

Gerresheimer Pharma Days Invitation

Dear Business Partners,

We are delighted to invite you to the ninth Gerresheimer Pharma Days which will take place in Philadelphia, PA and Vineland, NJ on September 24 and 25, 2019.

The first day will be dedicated to current pharmaceutical packaging and drug delivery topics. You will see presentations by our CEO Dietmar Siemssen and his management board colleague Dr. Lukas Burkhardt (responsible for Primary Packaging Glass Division) and two very interesting external keynote speakers. New this year is a market place where you experience the latest developments in primary packaging innovation, quality, drug delivery device development, industrialization and manufacturing as well as the latest innovation (i.e. the micro pump by our company Sensile Medical and lots more).

On the second day you will tour our Elite Glass Vial Production and Next Generation Technology & Quality Systems at our plant in Vineland, NJ and give you a preview on our Gx® Glass Innovation & Technology Center.

We trust that Pharma Days will be dynamic and informative and look forward to seeing you in Philadelphia/Vineland in September 2019. If you would like us to add you or any of your colleagues to our invitation list, please send an e-mail to jens.kuerten@gerresheimer.com.

Kind regards,
Jens Kürten
