

GERRESHEIMER

High-Quality Primary Packaging and Drug Delivery Devices

for Pharmaceuticals and Healthcare

www.gerresheimer.com

World of Pharma and Healthcare

Gerresheimer is a leading global partner to the pharma and healthcare industry. As our customer, you can get a comprehensive product and service range from one single source: Consulting, product design and development, technical support and documentation, mold making, automation engineering, clean room production according to cGMP, assembly, product refinement, packaging concepts and logistics. To facilitate your product registrations, we hold several drug master files with the FDA.
